1	<b>有机胚芽香糙米</b> <b>KHAO HOM MALI</b>	Weight	<b>Description of Organic Jamine Brown Rice</b>
		1kg 2kg	Thailand is the first place and the best place in the world to grow Thai Hom Mali (Thai Jasmine) Brown Rice. Hand-Planted and nurtured with care by the farmers of Surin province - the heart of Thailand. Nourished by the fertile soil, naturally and organically grown and naturally rainfall. The finest quality of Thai Hom Mali Brown Rice is cultivated and manufactured through modern processes in environmental-friendly and organic way. Brown rice is excellent for magnesium, which people are often looking for. It's also a good source of thiamine and iron, and it's got a moderate source of zinc.
2	<b>有机低糖胚芽香糙米</b> <b>KHAO SINLEK</b>	Weight	<b>Description of Organic Sinlek Brown Rice</b>
		1kg 2kg	Organic Sinlek brown rice is soft and delicately scented when cooked. Proved to contain high levels of iron tends enable a higher level of hemoglobin in the blood. Sinlek, or the so-called 'rice against diabetes', is another variant which contains a low glycemic index. The dietary fibre in its bran has properties to help hinder the absorption of sugar into the blood, making it suitable for patients with diabetes.
3	<b>有机胚芽紫梅香糙米</b> <b>KHAO RICEBERRY</b>	Weight	<b>Description of Organic Riceberry</b>
		1kg	Organic Riceberry has a medium Glycemic Index (GI=62) which is a new variety of rice organically grown in Thailand. The Uniqueness of the Royal Deep Purple colour of the rice is high in minerals. It contain a high level of antioxidants such as beta-carotene, gamma oryzanol, vitamin E and folic acid (folate). Riceberry brown rice is extremely high in fiber and is soft and aromatic when cooked.

4	<p><b>有机发芽茉莉香糙米</b> <b>KHAO HOM MALI GABA</b></p>	Weight	<p><b>Description of Organic Germinated Brown Rice</b></p>
		1kg	<p>GABA(Gamma-aminobutyric acid) ~ is a germinated Organic brown rice which the germ and outer layers containing the bran have not been removed; unpolished sprouted rice. Contains a naturally occurring amino acid. Japanese researchers have found that an intake of GABA over time helps to lower blood pressure, improve kidney function, and reduce sleeplessness. Additionally, GABA rice improved the learning ability and there is speculation that it may be helpful in preventing the onset of Alzheimer's disease.</p>
5	<p><b>有机胚芽茉莉黑糙米</b> <b>KHAO HOM NIN</b></p>	Weight	<p><b>Description of Organic Black Jasmine Brown Rice</b></p>
		1kg	<p>Thailand is the first place and the best place in the world to grow Thai Hom Mail (Thai Jasmine) Brown Rice. Hand-Planted and nurtured with care by the farmers.
